What is an **EMERGENCY FUND?**

ACADEMIC DEFINITION

An **account** that is used to set aside funds to be used in an **emergency**, such as the loss of a job, an illness or a major expense.

An easily accessible **stash of money** for use only in case of an **emergency**.

WHO? WHY? Everyone!

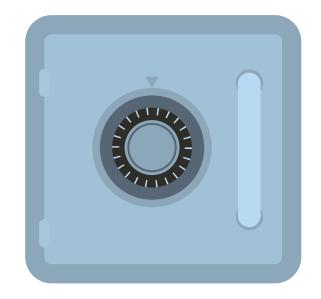

Life is unpredictable, and all it takes is one obstacle to derail your financial routine.

An emergency fund minimizes the stress and damage caused by surprise expenses.

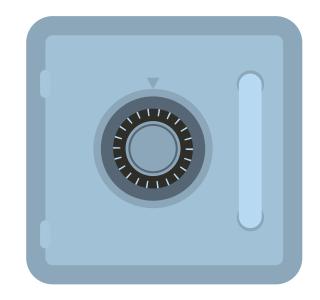

HANDY

Your emergency fund needs to be accessible, so when it's needed, you can get to it fast.

SEPARATE

An interest-bearing savings account is the perfect place for your emergency fund.

UNKNOWNS

KNOWN UNKNOWNS

UNKNOWNS

Unknown unknown expenses are the expenses that are truly unpredictable.

You don't know when they will happen, what they will be or how much you'll need.

UNKNOWNS

Unknown unknowns are the motivation for creating an emergency fund.

EXAMPLES

- Sudden unemployment
- Health emergencies
- Accidents
- Bereavement travel

KNOWN UNKNOWNS

Known unknowns are expenses that are somewhat predictable.

You don't know exactly when they will happen, but you know that it's only a matter of time.

KNOWN UNKNOWNS

X

Known unknowns should be budgeted for separately, outside of your emergency fund.

EXAMPLES

- Major car repairs
- Pet care
- Home repair
- Replacing a major appliance

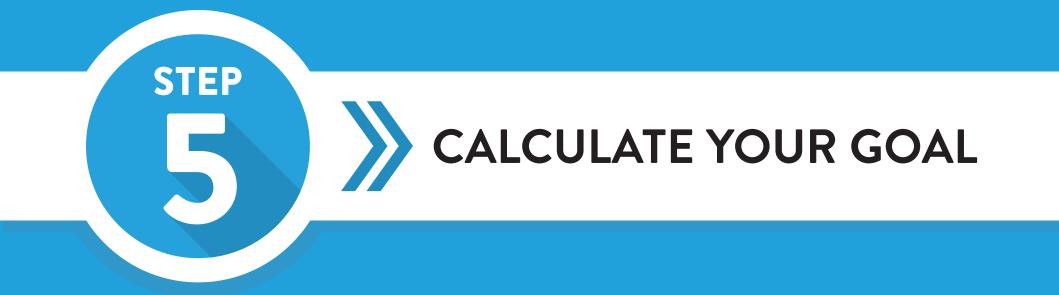

Emergencies come in many different forms.

Any situation that threatens your cash flow is appropriate for your emergency fund to step in and handle.

EXAMPLES

- Being out of work for an extended period of time
- Needing to take care of a loved one
- Waiting for an insurance reimbursement

SIX MONTHS OF EXPENSES

	Monthly Expenses	Emergency Fund Size	Monthly Expenses	Emergency Fund Size
	\$ 500	\$ 3,000	\$ 3,000	\$ 18,000
	\$ 1,000	\$ 6,000	\$ 3,500	\$ 21,000
	\$ 1,500	\$ 9,000	\$ 4,000	\$ 24,000
	\$ 2,000	\$ 12,000	\$ 4,500	\$ 27,000
	\$ 2,500	\$ 15,000	\$ 5,000	\$ 30,000

SMALL STEPS

Six months of expenses is an intimidating target.

Set incremental benchmarks—\$500, then \$1,000 and so on.

PATIENCE

A healthy emergency fund takes time to build.

Be patient, keep reaching for that goal and only touch your fund if there's a true emergency.
